ROB JENSEN

**OVER 40 YEARS DRIVING AND FOUR
MILLION ACCIDENT-FREE MILES**

DMC is proud to name Rob Jensen of Fremont Contract Carriers, Inc. the 2024 DMC Driver of the Year. All of our insureds were given the opportunity to nominate up to three drivers for this recognition. Rob was deservedly selected as the winning driver by our judging committee, which is comprised of trucking industry experts. While all the candidates were impressive, Rob's long driving history and mentorship to new drivers at Fremont set him apart. He has been a professional driver for over 40 years, accumulating more than four million accident-free miles during his time with Fremont Contract Carriers. Rob's accolades include seven victories in the Nebraska State Truck Driving Championships and a 23-year tenure as a member of the Nebraska President's Safe Driving Club. Additionally, Rob has honored fallen servicemen and women by completing the peddle run for Wreaths Across America three times. This focus on safety, leadership, and service represents precisely the type of candidate we aim to honor through the award.

We congratulate Rob on an extraordinary career, and we thank all the great drivers like Rob on the road today for their continued dedication to safety and professionalism!

"Rob is an excellent driver in all aspects. He is safety conscious, professional, timely, and a mentor to new employees. His continual dedication to maintaining safe roadways is evident over his long tenure with Fremont Contract Carriers."

- Trey Novotny, VP of Safety at Fremont Contract Carriers
